Information Literacy Objectives for Occupational Therapy Students

1. Find evidence-based research articles
2. Find professional articles
3. Cite sources
4. Avoid plagiarism

Tools for finding research and professional articles

- Occupational Therapy LibGuide
- CINAHL with FullText
- PsycInfo
- ERIC
- ProQuest

Cite sources
Use APA style to cite articles and other sources in the References list of your papers and projects. View our Citing and Writing Guide (http://www.goodwin.edu/Library/citing.asp) and APA Style Libguide (http://goodwin.libguides.com/content.php?pid=369142&sid=3023477)
Avoid plagiarism

Plagiarism is the act of using someone else's words, sentences, or ideas and passing them off as your own without giving proper credit to the original source. Cutting and pasting has become so easy, that many students plagiarize without meaning to.

You might be plagiarizing if you:

- Submit someone else's work as your own.
- Copy sentences, phrases, paragraphs, or even ideas from someone else's work, published or unpublished, without giving the original author proper credit.
- Replace select words from a passage without giving the original author credit.
- Copy any type of multimedia (graphics, audio, video, Internet streams), computer programs, music compositions, graphs, or charts from someone else's work without giving the original creator credit.
- Cut and paste together phrases, ideas, and sentences from a variety of sources to write an essay.
- Build on someone else's idea or phrase to write your paper without giving the original author credit.
- Submit your own paper in more than one course without permission of the teachers.

Summarizing, Paraphrasing and Quoting from the OWL at Purdue
